SPRING NEEDLE DESTROYER
SAFE DISPOSAL OF USED NEEDLES

OVERVIEW

The Spring Needle Destroyer is a compact and efficient device designed to safely destroy used syringes and needles. It helps prevent reuse of needles, reduces the risk of needlestick injuries, and promotes a safer healthcare environment.

KEY FEATURES

- Durable & Long-Lasting**
Made from high-quality materials for extended use.
- Easy to Use**
Simple operation with minimal effort.
- Safe & Secure**
Fully encloses the needle after destruction.
- Compact & Portable**
Lightweight design for easy placement and mobility.
- Hygienic & Eco-Friendly**
Helps in maintaining hygiene and safe biomedical waste management.

HOW TO USE

1. Insert
Insert the needle from the "NEEDLE" side.
2. Push Down
Push the syringe downward firmly.
3. Compression
The spring mechanism will destroy and lock the needle inside.
4. Safe Disposal
The needle is permanently locked and cannot be reused.

BENEFITS

Prevents reuse of needles Reduces risk of needlestick injuries Promotes safe waste disposal Essential for hospitals, clinics & labs
